Improve Math NWEA

Status: ACTIVE

Statement: Our goal is to provide additional teacher training and student practice in order to have 75% students score proficient or met goals on the Spring NWEA in the domains of Numbers & Operations (K-1), and Operations & Algebraic Thinking (2-11) by June 2024.

Created Date: 05/03/2021

Target Completion Date: 06/08/2024

Strategies:

(1/4): Curriculum Planning

Owner: Jamie Nestle

Start Date: 05/05/2021

Due Date: 06/08/2024

Summary: Curriculum planning supports districts and schools by supporting teachers to implement curriculum in ways that supports all students to reason and problem solve. Within each lesson, teachers identify and modify tasks (as outlined by the National Council of Teachers of Mathematics) to support students' exploration, collaboration, and reasoning and problem solving related to the identified learning target. As tasks are identified/modified, they are housed within a district-level curriculum document that supports all teachers within the district to implement the district adopted text in ways that aligns with standards- and evidence-based instruction in mathematics.
